

4-H Swine Project in Collier County

Youth 8 years to 18 years old

2016-2017 4-H Year

All youth interested in raising a pig will need to meet complete this form and email or mail it to 4-H Agent, Tish Roland, to register for the Swine Project. Collier County has ordinances about raising pigs in the county. All youth will need to be in a 4-H Club and registered in 4-H On Line by the dates listed below.

- Pee Wee pigs are not covered under the 4-H swine project, as youth under the age of 8 are not to show a large animal.

2.03.01 - Agricultural Districts.

A.

Rural Agricultural District (A). The purpose and intent of the rural agricultural district (A) is to provide lands for agricultural, pastoral, and rural land uses by accommodating traditional agricultural, agricultural related activities and facilities, support facilities related to agricultural needs, and conservation uses. Uses that are generally considered compatible to agricultural uses that would not endanger or damage the agricultural, environmental, potable water, or wildlife resources of the County, are permissible as **conditional uses** in the A district. The A district corresponds to and implements the Agricultural/Rural land use designation on the future land use map of the Collier County GMP, and in some instances, may occur in the designated urban area. The maximum **density** permissible in the rural agricultural district within the urban mixed use district shall be guided, in part, by the **density** rating system contained in the future land use element of the GMP. The maximum **density** permissible or permitted in A district shall not exceed the **density** permissible under the **density** rating system. The maximum **density** permissible in the A district within the agricultural/rural district of the future land use element of the Collier County GMP shall be consistent with and not exceed the **density** permissible or permitted under the agricultural/rural district of the future land use element.

1. The following subsections identify the uses that are permissible by right and the uses that are allowable as **accessory** or **conditional uses** in the rural agricultural district (A).

a. *Permitted uses.*

1. **Single-family dwelling.**

2. Agricultural activities, including, but not limited to: Crop raising; horticulture; fruit and nut production; forestry; groves; nurseries; ranching; beekeeping; poultry and egg production; milk production; livestock raising, and **aquaculture** for native species subject to Florida Fish and Wildlife Conservation Commission permits.

i. The following permitted uses shall only be allowed on **parcels** 20 acres in size or greater:

- a) dairying;
- b) ranching;
- c) poultry and egg production;
- d) milk production;
- e) livestock raising; and
- f) animal breeding, raising, training, stabling or **kenneling**.

ii. On parcels less than 20 acres in size, individual property owners are not precluded from the keeping of the following for personal use and not in association with a commercial agricultural activity provided there are no open feed lots:

- a) Fowl or poultry, not to exceed 25 in total number; and
- b) Horses and livestock (except for hogs) not to exceed two such animals for each acre.

i. Notwithstanding the above, hog(s) may be kept for a 16-week period in preparation for showing and sale at the annual Collier County Fair and/or the Immokalee Livestock show. The following standards shall apply:

- a) One hog per child enrolled in a 4-H Youth Development Program, Collier County Fair

Program or similar program is permitted. In no case shall there be more than 2 hogs per acre.

b) Premises shall be fenced and maintained in a clean, healthful, and sanitary condition.

c) Premises or roofed **structure** used for the sheltering, feeding, or confinement of such animals shall be **setback** a minimum of 30 feet from **lot lines** and a minimum of 100 feet from any **dwelling unit** on an **adjacent parcel** of land.

d) Hog(s) shall not be returned to the property once removed for showing and/or sale.
