

The Florida Fertilizer Label

Florida Registration Number

BRAND NAME

Name and Address of Registrant

Net Weight

Nitrogen ...% organic (...% synthetic, ...% natural)

GUARANTEED ANALYSIS

Total Nitrogen %
Nitrate Nitrogen %
Ammoniacal Nitrogen %
Water Soluble Organic Nitrogen %
And/or Urea Nitrogen %
Water Insoluble Nitrogen %

Available Phosphoric Acid %
Soluble Potash %
Chlorine Not More Than %

Derived from:

(Actual source materials for primary plant nutrients)

Statement of Secondary Plant Nutrient

Total Magnesium as Mg %
Water Soluble Magnesium as Mg %
Manganese as Mn %
Copper as Cu %
Sulfur (combined) as S %
Sulfur (free) as S %

Derived from:

Actual materials and in forms used in the fertilizer mixture, e.g.,
Manganese Oxide or Manganese Sulfate, etc.)
